

# DamperX™ anti-vibration clamps

Our most effective clamp for reducing piping vibration

wood.

General hold-down clamps

Standard vibration clamp

DamperX™ standard temp

DamperX™ high temp

DamperX ThermoGlide™

For more information, visit our vibration, dynamics and noise website or contact our anti-vibration products team directly.

# DamperX™ vs competitor linings

Lab test results

### Comparison of resonant vibration

# ThermaGlide™ anti-vibration clamps

Designed with vibration control in mind while allowing for thermal growth

wood.

General hold-down clamps

Anti Vibration Clamp  
CL-1

ThermaGlide™ Axial Slide  
CL-1-T

ThermaGlide™ Lateral Slide\*  
CL-1-ST

ThermaGlide™ Axial Lateral Slide  
CL-1-T-ST

\*Patent pending

For more information, visit our vibration, dynamics and noise website or contact our anti-vibration products team directly.

# Anti-vibration *wedge* clamps

Superior pipe height adjustability and ease of corrosion inspection

DamperX™ ThermaGlide™ Axial Lateral Slide Wedge  
WDCL-1-HT-T-ST

DamperX™ ThermaGlide™ Axial Slide Wedge  
WDCL-1-HT-T

DamperX™ High Temp Wedge  
WDCL-1-HT

ThermaGlide™ Axial Lateral Slide Wedge  
WCL-1-T-ST

ThermaGlide™ Lateral Slide Wedge\*  
WCL-1-ST

Anti Vibration Wedge Clamp  
WCL-1-T

\*Patent pending

For more information, visit our vibration, dynamics and noise website or contact our anti-vibration products team directly.
